**Group Works on the development, implementation and evaluation of EE policies in the Buildings Sector in Jordan**

# TOPICS TO BE DISCUSSED IN THE GROUP WORK

---

## **Group 1: How to strengthen the implementation of EE policies in the building sector?**

- Should we update / complement the existing regulatory and incentive frameworks?  
If yes, how?
- Should the existing institutional framework be reinforced? If so, what are the actions to be carried out?
- What are the supporting measures that should be put in place (communication / awareness raising, capacity building, etc.)?

# TOPICS TO BE DISCUSSED IN THE GROUP WORK

---

**Group 2: What measures (regulations, incentives, etc.) are needed to ensure a change of scale in the building energy efficiency market in Jordan allowing an acceleration of the implementation of sustainable energy policies in that sector?**

- Does the current regulatory and incentive framework allow for a change of scale in the EE market in the building sector? Why?
- Suggest types of regulatory measures to accelerate the change of scale in the implementation of EE programs in the building sector.
- Suggest types of incentives / funding mechanisms to accelerate/ scale up the implementation of EE programs in the building sector
- Does the current institutional framework allow a change of scale in the EE market in the building sector? Why?
- Suggest types of institutional frameworks to accelerate /scale up the implementation of EE programs in the building sector

# TOPICS TO BE DISCUSSED IN THE GROUP WORK

---

## **Group 3: What are the instruments that can ensure a sound monitoring and an active evaluation of the implementation of EE policies in the building sector?**

- Do the current instruments for monitoring and evaluating the implementation of EE policies allow for an adequate verification of their results? Why?
- Suggest instruments to ensure sound monitoring and active evaluation of the implementation of EE policies in the building sector.
- How can we ensure an effective and successful implementation of these instruments?
