# **Priority SDGs for Food and Agriculture in Jordan – which are they?**

**March 3 2020**

# Food and Agriculture in the 2030 Agenda

➤ Food and agriculture targets relate to practically all 17 SDGs

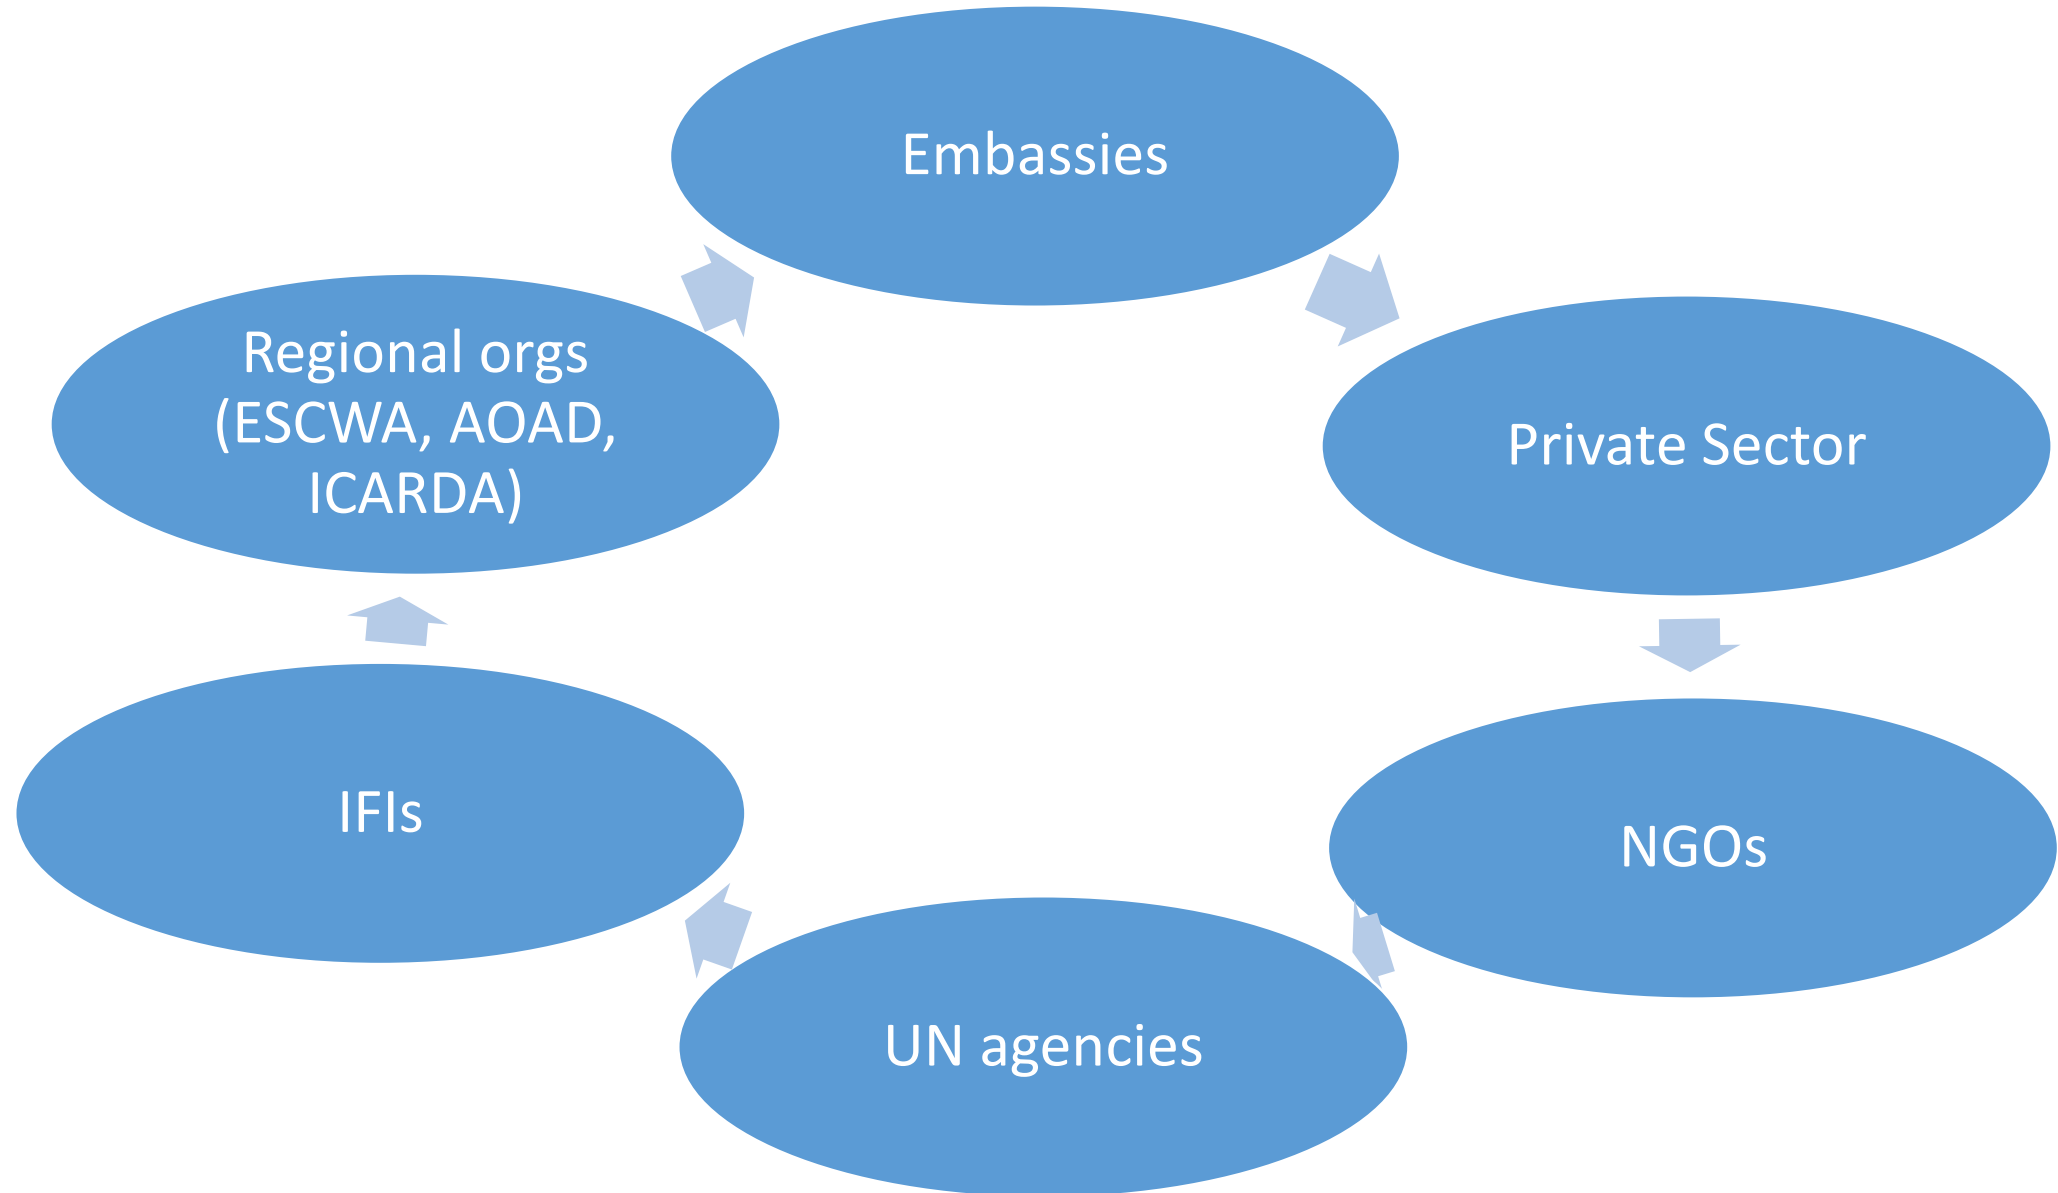

Food and Agriculture  
Organization of the  
United Nations

## **Jordan Development Partner group on Agriculture, water and food**

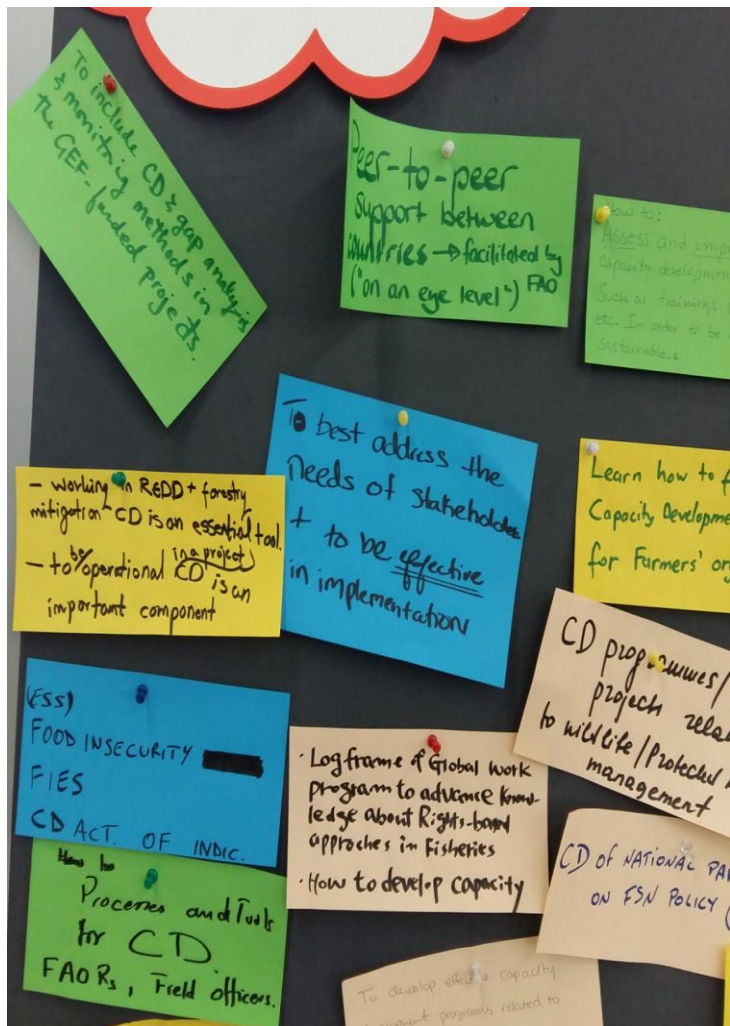

## Who we are

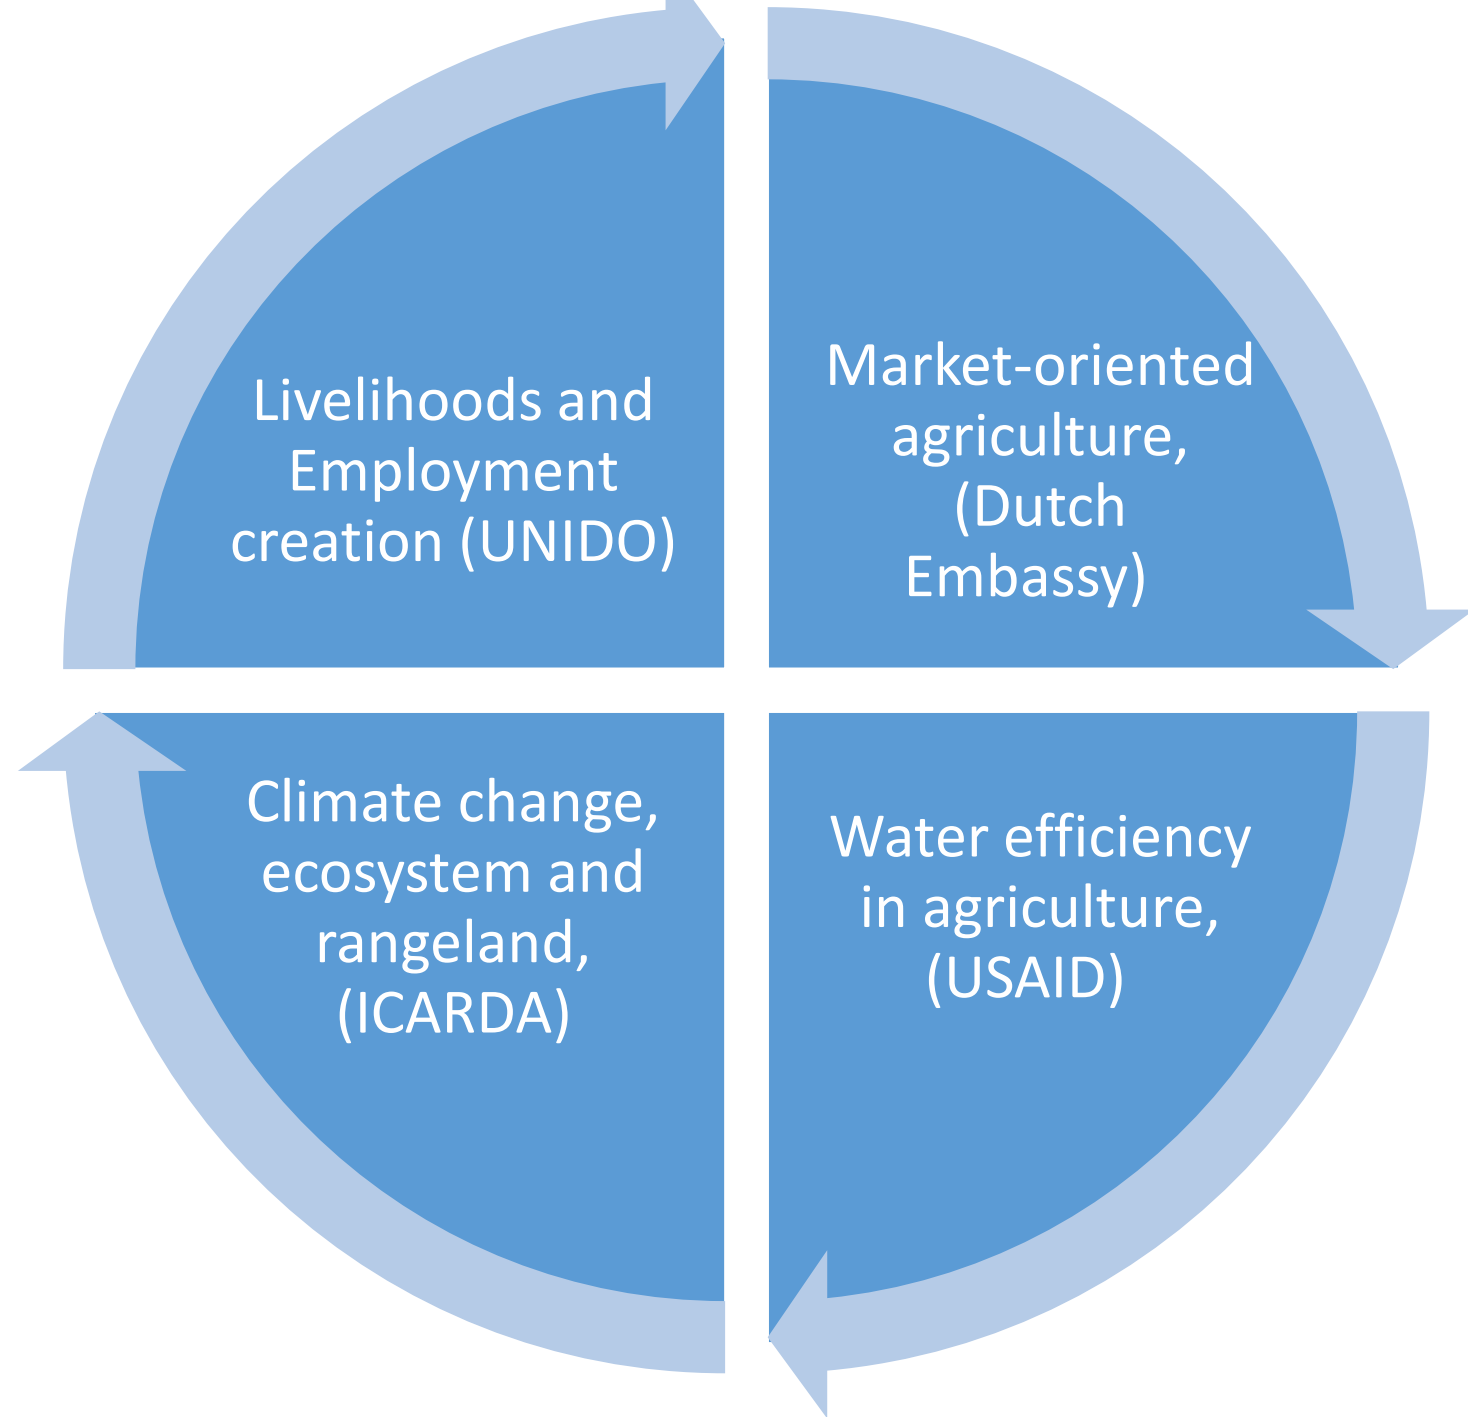

Food and Agriculture  
Organization of the  
United Nations

## Areas of intervention

## Areas of intervention

SDG 8 Decent employment

Livelihoods and  
Employment  
creation (UNIDO)

SDG 9 Industry, Innovation  
And Infrastructure

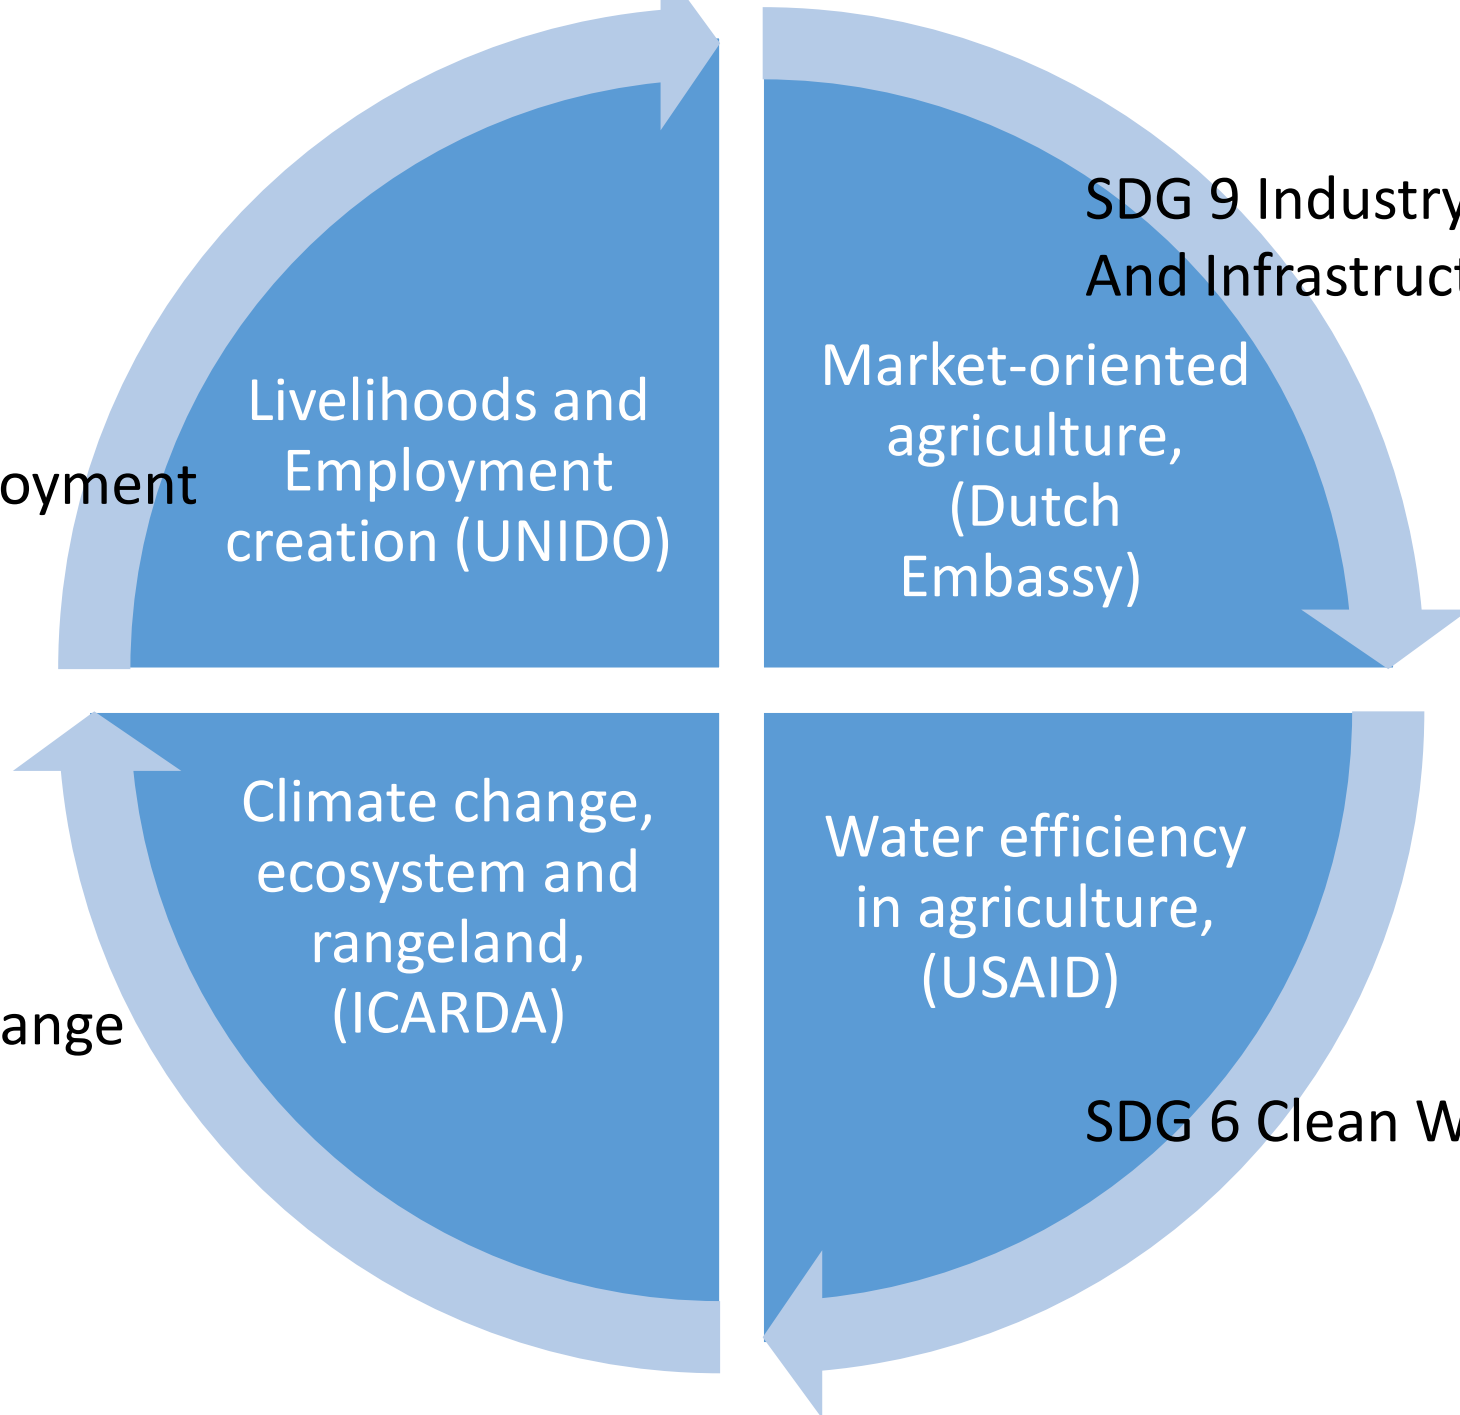

Market-oriented  
agriculture,  
(Dutch  
Embassy)

SDG 13 Climate Change

Climate change,  
ecosystem and  
rangeland,  
(ICARDA)

Water efficiency  
in agriculture,  
(USAID)

SDG 6 Clean Water for all

Food and Agriculture  
Organization of the  
United Nations

## FAO vision for 2030 Agenda

FAO custodian for 21 SDG indicators

## SDG 6 Water for All

6.4.1 Change in water use efficiency over time

6.4.2 Level of water stress: freshwater withdrawal as a proportion of available freshwater resources

Had been reported in the VNR 2017

DOS and MoWI  
Tier II and Tier I

Essential to monitor the water scarcity issue in Jordan

## SDG 2 Food Security

2.1.1 Prevalence of Undernourishment

2.1.2 Food Insecurity Experience Scale

Had been reported in the VNR 2017

DOS

Tier I and Tier II

Essential to monitor the well-being of vulnerable people in Jordan

## SDG 15 Life on Land

15.1.1 Forest area as a percentage of total land area

15.2.1 Progress towards sustainable forest management

Directorate of Forestry in MoA  
Both Tier 1

Important to combat climate change and to prevent land and soil degradation

## SDG 2 15 Life on Land

2.5.1 Number of plant and animal genetic resources for food and agriculture secured in conservation facilities

2.5.2 Proportion of local breeds, classified as being at risk, not-at-risk or unknown level of risk of extinction

Both are Tier I  
NARC

Important to preserve biodiversity, cultural heritage and resilience of the natural environment
