# EGM Agenda Day 1

---

Session 1

- **Energy Access: Affordable and Clean Energy for All**

Session 2

- **Energy Efficiency: Responsible Consumption and Sustainable Growth**

Session 3

- **Renewable Energy- Supporting Economic Growth and Climate Action**

## EGM Agenda Day 2

---

Session 4

- **Climate Change mitigation in the Arab Region**

Session 5

- **Sustainable Energy Policy and investments -what are the Key Criteria to ensure continuous monitoring?**

Session 6

- **Practical Challenges: Data Collection and Validation**

## Expected Outcomes from the EGM

---

1. Review and discuss the primary indicators and key data that will be included in the GTF Regional Profile and Report
2. Debate the role of energy efficiency, low-carbon technologies (renewable energy, nuclear, others), and fossil fuels in future energy mix.
3. Discuss the gaps between policies in place today and the targets set for a sustainable energy future?
4. Brainstorm on the policy options that may be chosen to enter a sustainable energy pathway.
5. Discuss the harmonization of methodologies for measuring SDGs and energy related indicators.
6. Understand national statistical capabilities and perspectives on energy data collection challenges.
7. Provide inputs to inform the energy data discussions to support the review of the Arab Regional profile as integrated part of the GTF2017 report.

# THANK YOU
