Beirut By Bike CYCLING CLUB

presented
January 15, 2019

The main objective of the club is to promote cycling activities within the parameters of Lebanon, encourage environment friendly lifestyle, and manage different sports, social and environmental events.

Beirut By Bike Cycling Club

- Founded in 1998 with 160 bikes for rental to promote biking as a healthy and environmental-friendly lifestyle
- First location was at the Beirut Central District (BCD)
- Initiated a weekly event in collaboration with Solidere to generate pedestrian traffic to to Beirut Central District.
- From 2001 till 2005 managed “Beirut Car Free Sunday” Function from 8 am to 8 pm
- Around 5000 m² of closed circuit plus the open space of Beirut Water Front.
- Currently, we have more than 4000 bikes for rent

An aerial photograph of Chicago, showing the city skyline with numerous skyscrapers, a large sandy beach area, and the Lake Michigan coastline. The text "Our Mission" is overlaid in the top right corner.

BIKE لبنان

LEBANON GREEN

Creating a culture of biking by pushing more people to utilize the bike as a mean of transport through:

- Bike rental facilities all over Lebanon
- The bike sharing System
- Training students at schools
- Lectures and exhibitions

Support the creation of local groups to lobby and support the municipalities to create more sustainable routes for bikes in the region.

Creation and development of maps to support the notion of bike lanes.

Support local sports team in
creating a nation of
healthy citizens

Sponsor winning teams

- We sponsor athletes with special needs and support them to become champions

Lower the customs on bikes in order to make it affordable means of transportation.

Lebanon Bike Sharing System

OUR TARGET:

#

\$

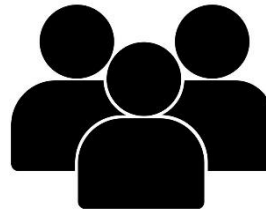

- To have more than 40 stations in Lebanon

- With 1,000 Bikes

- With a rental cost of 1,000 LBP per hour.

- Affordable means of transportation for all

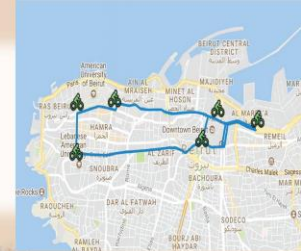

- Targeting students.
- Regular Commuters.

BEIRUT BICYCLE NETWORK - PHASE 1 OBSTACLES AND CHALLENGES

Enhance Charles Helou Station into multi-modal hub

Relieve bottleneck near the MOI in Emile Eddeh Street

Intensify enforcement at bike boxes, through bike lanes, shared lanes

Prevent short-term parking along Spears Street

Approximately 400 on-street parking spaces need to be removed to accommodate the bike lane

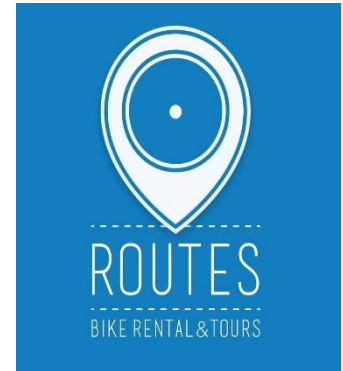

Lebanese Bike Sharing System and Bike Lane

- Planned, proposed, operated and managed by Beirut by Bike
- In partnership with the Governorate and the Municipality of Beirut
- Under the auspices of the Prime Minister

We collaborate through 13 different groups and NGOs in Lebanon focused on bikes.

Pedal for Peace

Thank You.
