INTRODUCTION

O

The Economic and Social Commission for Western Asia (ESCWA) was established in order to assist in the development of the region. To support and publicize its work, ESCWA has published studies, reports, proceedings of meetings, guidelines, reviews, handbooks, surveys and books dealing with all aspects of life in the region.

()

This catalogue, which includes most of the documents and publications issued during the period 1974-1999, is being published as part of the commemoration of the twenty-fifth anniversary of ESCWA.

It should be noted that not all the documents or publications are still available. However, the list of ESCWA Sales Publications, 1987-1996, and a copy of the annual list of English and Arabic Documents Issued by ESCWA, the latest being for 1998, can be obtained by writing to any one of the following addresses:

Arab countries and includes indicators on GDP and value added in mining and manufacturing of the Arab countries. Part II contains the industrial statistics for each of the Arab countries. Part III includes exports and imports of the Arab countries classified according to international economic classifications. Part IV includes main industrial products of the Arab countries classified by commodity.

Compendium of Social Statistics and Indicators / Ø Ø Ø

Statistics Division, Quadrennial, Latest Issue 4-1997 (Original: English / Arabic)

The main purpose of this Compendium is to provide a series of data and indicators which shed light on the social situation and on the social and economic changes taking place in the ESCWA region. This enables researchers and planners to obtain a realistic picture of the development process through a series of indicators which were established in the context of achieving complementarity between social and demographic statistics.

Demographic and Related Socio-Economic Data Sheets for Countries of the Economic and Social Commission for Western Asia/ Ø

External Trade Bulletin of the ESCWA Region / Ø Ø Ø

Statistics Division, Biennial, Latest Issue 8 - 1997 (Original: English/Arabic)

The publication consists of three parts: part I gives summary tables on overall trade, trends and share of the region in total world

trade. It also gives the import and export distributions of ESCWA countries according to the Sections of the Standard International Trade Classification (SITC). Part II represents the intraregional trade of the ESCWA region. Part III provides data on the geographical distribution of trade of individual ESCWA countries.

National Accounts Studies of the ESCWA Region/ Ø Ø

Statistics Division, Annual, Latest Issue 17 - 1997 (Original: English/Arabic)

The publication is divided into three chapters: chapter I comprises selected indicators that show some aggregates of national accounts and their relative distribution. Chapter II comprises consolidated accounts for the nation in national currencies at current prices as obtained from available data of ESCWA countries. Chapter III contains ESCWA estimates of GDP by expenditure and economic activity in national currencies and US dollars.

**Arab Women in ESCWA Member States:
Statistics, Indicators and Trends / Ø**
: Ø Ø Ø

Statistics Division, E/ESCWA/STAT/1994/17,
1994, (Original: English/Arabic)

*This publication serves as a statistical
reference for use by individuals concerned
and proponents of women's issues as well as*

*by all governmental, non-governmental,
regional and international organizations. It
is meant to ascertain the actual positive or
negative change occurring in the situation of
Arab women. In form and content, this
publication follows the same methodology
used by the Statistics Division of ESCWA in
preparing the Compendium of Social
Statistics and Indicators and it is guided by
the recent recommendations of the United
Nations in the field of social statistics and
indicators.*

Compendium of Social Statistics and Indicators / ○ ○ ○

Statistics Division, Latest Issue 4 - 1997
(Original: English / Arabic)

The main purpose of this Compendium is to provide a series of data and indicators which shed light on the social situation and on the social and economic changes taking place in the ESCWA region. This enables researchers and planners to obtain a realistic picture of the development process through a series of indicators which were established in the context of achieving complementarity between social and demographic statistics.

External Trade Bulletin of the ESCWA Region / ○ ○ ○

Statistics Division, Latest Issue 8 -1996
(Original: English/Arabic)

The publication consists of three parts: Part I gives summary tables on overall trade, trends and share of the region in total world trade. It also gives the import and export distributions of ESCWA countries according to the Sections of the Standard International Trade Classification (SITC). Part II represents the intraregional trade of the ESCWA region. Part III provides data on the geographical distribution of trade of individual ESCWA countries.

Bulletin of Industrial Statistics for the Arab Countries/ Ø ○ ○ ○

Statistics Division, Latest Issue 3 - 1997
(Original: English/Arabic)

The publication constitutes part of the joint activities of the AIDMO and the ESCWA in pursuance of their mutual cooperation and coordination.

The Bulletin is divided into four parts: Part I presents the share of the industrial sector in the gross domestic product (GDP) of the Arab countries and includes indicators on GDP and value added in mining and manufacturing of the Arab countries. Part II contains the industrial statistics for each of the Arab countries. Part III includes exports and imports of the Arab countries classified according to international economic classifications. Part IV includes main industrial products of the Arab countries classified by commodity.

National Accounts Studies of the ESCWA Region/ ○

Statistics Division, Latest Issue 17 - 1997
(Original: English/Arabic)

The publication is divided into three chapters: Chapter I comprises selected indicators that show some aggregates of national accounts and their relative distribution. Chapter II comprises consolidated accounts for the nation in national currencies at current prices as obtained from available data of ESCWA countries. Chapter III contains ESCWA estimates of GDP by expenditure and economic activity in national currencies and US dollars.

Prices and Financial Statistics in the ESCWA Region/ ○

Statistics Division, Last Issue 13-1995
(Original: English/Arabic)

The bulletin consists of two parts: The first presents index numbers and prices, while the second presents financial statistics. Part I consists of two chapters: Chapter I includes the consumer price indices for the ESCWA countries. Chapter II presents retail prices for 45 items in the food, beverage and tobacco category. Part II includes government revenues and expenditures,

Statistics

money supply, assets and liabilities of central and commercial banks, credit facilities and balance of payments.

Statistical Abstract of the ESCWA Region/

Ø Ø Ø Ø Ø

Statistics Division, Latest Issue 17 - 1997

(Original: English/Arabic)

The data of the publication is classified into eight chapters covering the topics: Population, social statistics, national accounts, agriculture, industry, transport and communications, foreign trade, finance and price index numbers.

Unified Arab Statistical Abstract /

Ø Ø Ø Ø

Statistics Division, Last Issue 3-1991

(Original: English/Arabic)

The Statistical Abstract constitutes part of the joint activities of the League of Arab States and ESCWA in the context of their mutual cooperation and coordination. The publication is divided into 11 chapters covering successively the following issues: Population and labour force, agriculture and fishing, industry, transport and communications, tourism, foreign trade, health and education, national accounts, balance and payments, monetary statistics and selected statistical indicators.

**Arab Women in ESCWA Member States:
Statistics, Indicators and Trends /** Ø
: Ø Ø Ø

Statistics Division, E/ESCWA/STAT/1994/17,
1994, (Original: English/Arabic)

This publication serves as a statistical reference for use by individuals concerned and proponents of women's issues as well as by all governmental, non-governmental, regional and international organizations. It is meant to ascertain the actual positive or negative change occurring in the situation of Arab women. In form and content, this publication follows the same methodology used by the Statistics Division of ESCWA in preparing the Compendium of Social Statistics and Indicators and it is guided by the recent recommendations of the United Nations in the field of social statistics and indicators.

Arab Women 1995: Trends, Statistics and Indicators, Statistics Division, E/ESCWA/STAT/1997/3, 1997 (Original: English)

The publication takes both a descriptive and an analytical approach. It profiles and analyses the status of Arab women in the 22 countries of the Arab region and also recommends policies and suggests relevant measures. Close attention is paid to the demographic distribution and characteristics, household composition and family life, health conditions, educational attainment and employment status of women, as well as their participation in public life.

(:)

Agriculture and Development in Western Asia / Ø

Sectoral Issues and Policies Division- Agriculture Section, Annual, Latest Issue 19 - 1997 (Original: English/Arabic)

Bulletin of Industrial Statistics for the Arab Countries/ Ø Ø Ø Ø Ø

Statistics Division, Biennial, Latest Issue 4 - 1997 (Original: English/Arabic)

The Bulletin is divided into four parts: Part I presents the share of the industrial sector in the gross domestic product (GDP) of the Arab countries and includes indicators on GDP and value added in mining and manufacturing of the Arab countries. Part II contains the industrial statistics for each of the Arab countries. Part III includes exports and imports of the Arab countries classified according to international economic classifications. Part IV includes main industrial products of the Arab countries classified by commodity.

Compendium of Social Statistics and Indicators / Ø Ø Ø

Statistics Division, Quadrennial, Latest Issue 4-1997 (Original: English / Arabic)

The main purpose of this Compendium is to provide a series of data and indicators which shed light on the social situation and on the social and economic changes taking place in the ESCWA region. This enables researchers and planners to obtain a realistic picture of the development process through a series of indicators which were established in the context of achieving

complementarity between social and demographic statistics.

Demographic and Related Socio-Economic Data Sheets for Countries of the Economic and Social Commission for Western Asia/ Ø

Social Development Issues and Policies Division - Population Section, Biennial, Latest Issue 9-1997 (Original: English/Arabic)

External Trade Bulletin of the ESCWA Region / Ø Ø Ø

Statistics Division, Biennial, Latest Issue 8 - 1997 (Original: English/Arabic)

The publication consists of three parts: part I gives summary tables on overall trade, trends and share of the region in total world trade. It also gives the import and export distributions of ESCWA countries according to the Sections of the Standard International Trade Classification (SITC). Part II represents the intraregional trade of the ESCWA region. Part III provides data on the geographical distribution of trade of individual ESCWA countries.

National Accounts Studies of the ESCWA Region/ Ø Ø

Statistics Division, Annual, Latest Issue 17 - 1997 (Original: English/Arabic)

The publication is divided into three chapters: chapter I comprises selected indicators that show some aggregates of national accounts and their relative distribution. Chapter II comprises consolidated accounts for the nation in national currencies at current prices as obtained from available data of ESCWA countries. Chapter III contains ESCWA estimates of GDP by expenditure and economic activity in national currencies and US dollars.

**Arab Women in ESCWA Member States:
Statistics, Indicators and Trends /** Ø
: Ø Ø Ø

Statistics Division, E/ESCWA/STAT/1994/17,
1994, (Original: English/Arabic)

This publication serves as a statistical reference for use by individuals concerned and proponents of women's issues as well as by all governmental, non-governmental, regional and international organizations. It is meant to ascertain the actual positive or negative change occurring in the situation of Arab women. In form and content, this publication follows the same methodology used by the Statistics Division of ESCWA in preparing the Compendium of Social Statistics and Indicators and it is guided by the recent recommendations of the United Nations in the field of social statistics and indicators.
