

Labour Market Indicators working group

Nader KEYROUZ

Regional Labour Statistician

ILO-Regional Bureau for Arab States

Reasons

- Statistics global technical team at ILO and in the region
- Region need for coordination and data harmonization among countries and international agencies
- Space for exchange experience on specific topics
- Implementation of ILO resolutions
- Produce regional specific documents
- Participation in the global ILO working groups

Topics

- ICLS resolutions implementation in the countries
- SDGs indicators where ILO is custodian or partner
- Harmonized documentation in Arabic language
- Data sharing
- Economies of scale with other agencies
- Specialized sub working group working on: child labour, skills mismatch, social protection....
- Innovation and research
- Topics requested by countries

Comparative advantage

- Tripartite experience of ILO during 100 years
- Leading experiences in the regions as role model

THANK YOU
